

## **Cook Medical Educational Programme**

### **ERCP Skills Lab: 21<sup>st</sup> and 22nd January 2019**

The ERCP Basic Training Course is intended for endoscopists at the beginning of their ERCP career. The two-day course based at Kings College Hospital, London and led by Dr Deepak Joshi. The course combines live cases, clinical discussion and hands-on training. The scientific programme will cover four key subject areas: Basic Cannulation, Stricture Management, Stone Management and Management of Complications. The course content will be delivered by Dr Deepak Joshi, external faculty, and local faculty together.

### **Application Criteria**

Interested applicants should submit a CV, including ERCP and other endoscopic experience to date, career ambitions and suitability for selection. Please submit your application to Dr Deepak Joshi ([d.joshi@nhs.net](mailto:d.joshi@nhs.net)), and Arlene Evans ([arlene.evans@cookmedical.com](mailto:arlene.evans@cookmedical.com)) by **Monday 12<sup>th</sup> November 2018**. Note: a maximum of 8 places are available for this course.

Applicants should be at the beginning of their ERCP career. No practical ERCP experience is required but applicants with previous experience should not exceed 100 cases.

Training in diagnostic and therapeutic ERCP should only be sought by individuals with interest and training in the treatment of hepatopancreaticobiliary disease. Applications should include a supporting recommendation from the applicants' clinical supervisor

Applications will be considered from trainees practicing within gastroenterology or GI surgery training programs within the UK.
