

## Train the Colonoscopy Trainer

The course is open to all consultants (surgeons and physicians) who perform colonoscopy and who are employed in HSE approved posts and indemnified by the Clinical Indemnity Scheme.

### Why participate?

**This is a 1 ½ day, small group, hands on colonoscopy course for consultants.**

It allows participants to reflect on their practice and improve their conscious competence at performing colonoscopy and provision of training to trainees.

### Course Content

- Critical reflection and objective setting
- Practical skills teaching
- Assessments in colonoscopy
- Optimising training environment
- Training on live cases
- Review and evaluation

### Organisers

The Train the Colonoscopy Trainer course is organised by the HSE Acute Operations Endoscopy Programme.
